Your weekly update of the most played tracks
right now – Global.

Your weekly update of the most played tracks
right now – India.

How It Works

Step 1

choose your
emotion

Step 2

Let AI generate a
playlist

Step 3

Enjoy the music!

About – Us

At MusicAI, we believe music has the power to transform moments, inspire creativity, and enhance every mood. That's why we've created an intelligent platform that curates personalized playlists just for you.

Our Mission to make music discovery seamless, fun, and tailored to each individual by combining cutting-edge AI technology with the art of music.

MusicAI was born from a shared passion for technology and music. Our team of innovators, musicians, and engineers came together with one goal: to create a smarter way to experience music.
